Enhance your customer relationships.
Automate and streamline your
invoicing and collection activities with
Odyssey's E-Invoicing Solution.*

Odyssey offers an electronic delivery solution to present and deliver invoices or collections notifications from any invoicing system to your customers' email or fax addresses. Our web-based solutions help improve efficiency of your accounts receivable activities.

Electronic Invoices

Present customers with interactive electronic invoices designed to reduce your DSO. Sophisticated user-friendly branding, review, tracking, custom notification capabilities and online payment options all drive efficiencies, value and adoption into the process for you and your customers.

Past Due and Collections Notifications

Manage and improve your collection efforts through custom notifications. Approach your debtors with a method best suited to prompt a payment. Use email or fax, or any combination of both. Create contact "tone" based on the customer's value, credit history, amount and time overdue.

Odyssey's E-Invoicing Features:

- ▶ **Seamless Integration:** Establish a seamless interface with minimal programming effort from your invoice application to Odyssey's state-of-the-art messaging platform to automate monthly delivery of electronic invoices to email and fax addresses.
- ▶ **Automated Delivery:** Reduce printing, paper and postage costs, incoming billing calls, administrative costs, and days sales outstanding (DSO), and improve cash flow by automating the secure delivery of invoices, past due notifications and collections notifications to both fax and email addresses in one transmission.
- ▶ **Branding:** Company logo, disclaimers, forms can be stored on our system for branded and personalized communications.
- ▶ **Proof of Delivery:** Detailed delivery reports are provided to account for the date and time each invoice and account receivable notification sent.
